Attached is the second stop-use order as well as a separate request that "pesticide companies" having in their possession any pesticide that contains methyl bromide so notify DPNR. While some of the recent clips seem to quote from the first order, I am assuming that the same restriction on public dissemination applies to this stop-use order as DPNR advised us applied to the first.

Good afternoon Eric and Linda:

Attached are the stop use order for the product on St. Croix and notice/request for information we are leaving with the companies. Feel free to contact me with any questions.

Regards,

Magdalene
